

June 15, 2012

We have two 'entry level' positions available for immediate hire:

- 1. Web developer** – recent graduate of IT program with demonstrable experience and skills in HTML, JavaScript, Word Press, and SEO. Additional certifications and expertise is a plus. Good interpersonal and communications skills required as this is a customer support position.

This individual will support our clients' pre-sales and post-sales technical requirements related to the deployment of AdWords optimization solutions. Job location is our Makati office but will also require on-site work at customer premises.

- 2. Outbound sales** – recent university graduate with excellent communication and customer service skills, an outgoing personality, and high proficiency in English. Computer literate and adept with Microsoft Office applications are requirements.

A motivated self-starter who enjoys interacting with customer prospects across Asia, this individual will follow up on leads at various stages of the sales cycle, set appointments for customer meetings, assist and support the senior sales staff, and help manage the company's CRM system. Primarily phone-based selling but occasional travel to local customer meetings may be required.

General information - Both of these positions are full time employee positions. However, there will be an initial 90 day 'probation' period required after which successful individuals can be converted to full time employee status. Google AdWords training and certification will be provided at the company's expense and is also required within this period. The workplace is in Makati, and our office hours are 9 – 6 p.m., local time.

Please, qualified applicants only – if you don't meet the requirements stated above do not apply.

Qualified applicants should send their C.V. or resume and any other relevant supporting documents by email to jobs@panasianventures.com. No phone calls please.
